

ASSESSMENT FOR LEARNING

Using Assessment for Learning in classroom practice

1. planning for learning
2. setting learning goals
3. share learning goals
4. communicate assessment criteria

WHAT IS ASSESSMENT FOR LEARNING ?

is all about informing learners of their progress to empower them to take the necessary action to improve their performance.

Effective feedback is:

1. written clearly
2. detailed
3. evaluative
4. constructive
5. positive
6. identifies strengths and weaknesses

ASSESSING LEARNING: THE EFFECTIVE USE OF QUESTIONING.

Teachers question learners to:

1. involve learners in the session through thinking
2. provide the teacher with an insight into the level of learning.

FEEDBACK ON ASSESSMENT

is providing information to an individual which focuses on their performance or behaviour.

WHAT THE TEACHER NEEDS TO DO:

1. Provide oral/written feedback
2. Provide peer-assessment opportunities
3. Provide self-assessment opportunities
4. Create opportunities for students to take corrective action
